Check out the NEW LeoBase

LeoBase

Exclusive to Leofric, our fast set steel plated flooring, NO NEED for a concrete base. Our cold, rolled steel sheets are welded together forming a solid metal surface with a high strength cement filler. Our unique flooring is easy to clean and the metal surface is protected against corrosion with a polymer finish. LeoBase is designed to have excellent rolling-load and stationary-load performance. The flooring is supported with a steel frame structural supports and membrane to keep out moisture and weeds.
